Allow us to be your Plan C when trying to reach your career goals...

## Benefits Of Using Us?

You get a dedicated recruiter to help you find employment. A professional will evaluate your resume, cover letter, and LinkedIn profile and make corrections to get you updated to industry standards (small fee if this is needed). Then your dedicated recruiter will on your behalf apply to openings submitting a report to you weekly on the progress. Once you have interviews set the recruiter will prep you to help you get ready.

In addition, you get access to our private network of employers. We have an extensive network of businesses that inform us of positions that will be opening before they post to the general public.

## Payment

We offer two payment solutions.

Option 1: For those that want to pay upfront for the service we offer a flat fee that is paid each month. Once we help you find the career you desire you simply cancel the service. The fee is based on the salary of the position.

Option 2: For those that don't want to pay anything upfront we offer a payment spread over a 1-year period.
